Chamarel Waterfall

By many it is considered the most beautiful waterfall of Mauritius. Three distinct streams plunge down almost 100 meters from the St. Denis River, down into the gorge. The sight of this impressive waterfall against the scenic forests and mountains is truly breathtaking.

Seven Coloured Earth

The “Seven-Coloured Earth” of Chamarel is a geological curiosity and a major tourist attraction of Mauritius. It is a small (7500 m2) area of strikingly bare landscape located within a large, dense forest. The earth is particularly unusual as it was created by volcanic rocks that cooled at different temperatures, allowing the earth to form beautiful patterns of colour on the exposed hillsides.

Rhumerie de Chamarel

Situated in the South West part of Mauritius, in the heart of a fertile valley lies the Rhumerie de Chamarel which is surrounded by vast sugarcane plantations growing in harmony with pineapples and other tropical fruit. Here you will have a guided tour of the distillery and rum tasting.
